Subject: Recall 14V-755

From: Cynthia Glass *CG*
General Engineer, RMD

To: Memo to File

Date: April 15, 2015

On April 9, 2015, Gary Greib, Manager, Product Investigations, Delphi Automotive Systems, LLC verified that the headlamp driver modules (HDMs) involved in the above-referenced recall campaign were specifically designed for and sold to General Motors Corporation. These HDMs were not sold to any other vehicle manufacturers.

Accordingly, all product affected by the defect has been recalled and an Equipment Query investigation is not needed.
